Over the years, Leagues have built up high recognition value and reservoirs of community trust by providing citizens accurate, nonpartisan services and information on elections and on governmental issues. Providing voters service and citizen education is a time-honored tradition dating back to the founding purposes of the League. The League believes that it is imperative for voters to have an accurate understanding of the position of each candidate running for the Board of Directors.

The key to the League's success for candidate forums is to provide unbiased, factual information. Thus, our League has adopted careful and objective candidate participation criteria for the forums. Our ground rules are set to ensure that the activity is conducted in a strictly nonpartisan manner.

LWVEA is proud of its efforts to provide the voters of Eden Area an opportunity to meet, listen to, and objectively question their candidates so they may be informed voters!
